Describe your day on May 15, 2021. Tell us whatever you'd like at whatever length you'd like. We think future students will especially appreciate hearing about concrete details -- What can you see and hear from where you are right now? What did you do for fun today? Did you cook or eat anything special? Did you work or do chores? Who did you spend time with? What did you learn?

I hammocked and went thrifting with some of my sisters from Kappa Alpha Theta.

What do you think you'll remember most about surviving the pandemic? Tell us what whatever you'd like at whatever length you'd like. We think future students will especially appreciate memories that help them picture your life and relationships -- Have you taken up any new leisure activities in the last year, or have you changed how you eat, or cook? If you're on campus, what was it like in classrooms or dining spaces or locker rooms or offices? Have you been able to stay in touch with family or friends (including classmates and other Hanoverians)? How? What have you missed the most in the past year?

I will remember staying at home for months and trying to find ways to entertain myself either with walks around the neighborhood with my mom, crafting and designing crafts and clothes, and binge watching shows. I FaceTimed my family and friends during this pandemic because until there was a vaccine I did not want to risk anything. I have missed seeing people's smiles the most, especially children.

This is my contribution to the "One Day in May" project, which preserves the everyday experiences of Hanoverians on an ordinary spring day (in this case, May 15, 2021). I consent to its being made available to library users, and I grant Hanover College a nonexclusive, perpetual, royalty free license to use, duplicate and distribute it.
