HANOVER COLLEGE, HANOVER, INDIANA, APRIL 5, 1926

No. 17

CLASSES TAKEN OVER PRESS CLUB

Mrs. Millis Assumes Dean Coddington's Work

Since the beginning of the Spring Term Dean Coddington's English classes have been in charge of Mrs. Millis, former head of the English department in the college. Miss Coddington has been at the bedside her mother, who is seriously ill in Crawfordsville. The head of our English department was called home because of her mother's condition a few days before the end of the Winter Term. Mrs. Millis will have full charge of all the English courses of the college, where she will be particularly efficient, having once been the head of the English Department in Hanover College. The time of Miss Coddington's return depends upon the improvement of her mother. Her condition at present, according to reports received by Dr. Millis points favorably toward her speedy recovery.

PROF. RETIRES FROM LIFELONG SERVICE

For the first time in forty-seven years, Dr. Young is unable to meet his classes in Chemistry and Botany. Due to his illness of many months, it will be necessary for him to give up active work in his department. During his many years of faithful and efficient service as head of Chemistry department, Professor Young has come to be known in scientific circles throughout the whole world.

Professor Huber and Professor Culbertson will take over his classes, with the assistance of Mr. Harry Milligan in the laboratory.

LOST: ALUMNI AND FORMER STUDENTS

Anyone knowing the whereabouts, present occupation, and marital conditions of any alumni or former student of Hanover will concur a favor on others who have attended Hanover by confiding in C. R. MacDonnell, 13, president of the Hanover Booster Association, 940 N. Jefferson Avenue, Indianapolis, Indiana. An edition of the Triangle devoted entirely to such finds will be issued on or about May 14. Any bits of news or gossip that might interest others will be considered. Lots of folks want to know what lots of other folks are doing since leaving college, who the new little Hanoverians are, and so on. If it won't all go in one paper, there can be extra editions. The Booster Association is getting out this issue and will see that copies go to all those whose addresses are available.

HOLDS ELECTION

At the last meeting of the winter Term the Press Club held their annual election. The general business of the Club and its achievements during the year were discussed. It was recognized by most of the members that there was a great improvement in the organization by work, and the increase in interest and activity of the members in publishing the Triangle was welcomed as a promise for future success of the Club. The nomination committee made its report, and the following officers were elected for the year 1926-27:

President	Jack Williams
Secretary	Irma Banta
Editor-in-Chief	John Blackburn
Copy Editor	Ivan Bryngelson
News Editor	William Luther
Society Editor	Betty Kibler
Athletic Editor	Harry Rankin
Joke Editor	George Pheasant
Exchange Editor	Paul Blackburn
Business manager	Louie Bumen
Advertising manager	John Scott
Distribution Manager	George Bishop

ALUMNI NOTES

Miss Vera E. Morrow, '22, who has been engaged in Y. W. C. A. work since graduation, is now with the Y. W. C. A. at Clearwater, Florida. Miss Morrow is one of the charter members of the Hanover Booster Association, an organization of alumni and former students which has a program of helpful activities under way for the benefit of Hanover. In a letter to Rev. K. Palmer Miller, '10, pastor of the First Presbyterian church at Franklin, and secretary-treasurer of the Hanover Booster Association, Miss Morrow wrote recently, "I am enclosing a check to cover my dues for this year to the Hanover Booster Association. I am surely glad it is still alive and growing. If there is ever anything I can do 'way down here please let me know."

The Hanover Booster Association now has on hand a fund of about two hundred and twenty-five dollars, which is slowly growing as new memberships are received from alumni and former students. The Booster Association is paying five hundred dollars a year toward the salary of the athletic director at Hanover. Members have expressed faith in Coach Hall's ability and good influence both as a coach and as a man among the student body. The alumni organization is also backing a move to have a full time alumni secretary at Hanover, who will also act as a sort of bureau of information for the college. Alumni have expressed dissatisfaction with the present uncertain news sources at Hanover and Madison. They say that the lack of news about the

ELIZABETH VAN VLEET

A week ago Sunday night Miss Elizabeth VanVleet passed quietly away in an Indianapolis hospital. Her death came suddenly and unexpectedly and was the result of a complication arising from a gathering in the head. She is survived by the grief-stricken parents and one sister, Miss Ruth VanVleet. Funeral services were held last Wednesday at her home in Franklin, Indiana and the Alpha Delta Pi sorority, of which Miss VanVleet was a pledge, attended in a body.

In Elizabeth, Hanover has lost one of the finest girls we have ever known here. This only her first year at school, but with her pleasing personality and sunny disposition she had won for herself a wide circle of friends and a distinctive place in the life of the college. All those who knew Elizabeth can never forget her bright smiles and cheery words. She was a splendid Christian character, and her life a fitting tribute to ideal young womanhood. Elizabeth VanVleet was taken from us—it will only be for a little while—but the memory of her goodness will linger on and on in the minds of those of us who had come to know and love her.

college creates a bad impression in the minds of prospective students, as well as causing former students to lose interest in the campus and college activities.

Corydon, Ind., March 23—The funeral of Dr. J. Lucien Morris was held at the home of his sister Mrs. T. S. Wilson, here today. Dr. Morris died in a hospital in New York where he went for an operation. He held a chair in Western reserve University at Cleveland, when he became ill. He is a native of Corydon, graduated from Corydon High School, Hanover College in 1905, and Harvard University in 1911. He was a member of Beta Theta Pi fraternity. He was said to be among the most promising of the younger biological chemists.

Mr. Harold Voris, Hanover graduate of '23 who is at the present time attending Rush Medical School at Chicago, has been spending his Spring vacation in Hanover.

Ivan Bringleton, Roger Steinberger, and Norvin Veal resigned themselves to a bachelors' life during vacation and found it just a bit strenuous. Ask 'em!

George Prime, Edwin Burlingame Harold Voros, and Jack Williams drove to Indianapolis last Saturday.

Ray Hetherington was the guest of the "head of the Latin Department" of Alamo High School during vacation.

TRACK WORK NOW UNDER WAY

Thirty Candidates Working Out Daily — Three Letter Men Back

SCHEDULE IS COMPLETED

With three letter men of last year's squad back and a wealth of new material, the prospects of a winning track and field team at Hanover this year are bright indeed. The three men who won their spurs last year and are back again are Hetherington, dashes, McKeand, distance runs, and Furnish who runs the hurdles and also makes part in field events. Among the other men who are showing up well are Strothman, Gant, Crowell, Furnish, Boyd, Waggoner, Alexander, Bryngelson, and Whitcomb.

Long workouts are being held daily on Woods Field in preparation for one of the strongest schedules ever attempted by Hanover. Cross country running to develop wind is one of the main items on the program mapped out for the men by Coach Hall. In addition to this, candidates are being taught the fundamentals in hurling the discus, throwing the hammer, putting the shot, and the other field events. The track men are also receiving intensive drill in the art of starting.

The schedule for the season as announced calls for four dual meets, three of which will be staged here, and the three intra-college state meets. The first meet comes next week, the local tracksters to face the Earlham thinly clad at Richmond. Then follows meets with Indiana Central, Central Formal, and N. A. G. U. on successive Saturdays. Both the latter teams were met last year. On May 8 the squad will take part in the Hoosier Relays at Danville, in which men from every institution in the state will be entered except Indiana, Purdue, Notre Dame, DePauw, Wabash, and Butler. The Little State Meet will follow on the next week-end from which only the three large Universities, Purdue, Indiana and Notre Dame, are debared. The final meet of the season will take place on the next Saturday when the team will participate in the Big State meet in which men from every college and university of the state will be entered.

SECOND INDIAN MEETING HELD

The second meeting on the American Indian and other dependent races of the United States was held Saturday, March 27, at the "Y" hall. The program was more pretentious than at the first meeting and was well received by an appreciative audience.

The evening was informally opened by the playing on the gramofola of Indian music. This was followed by the repetition by Prof. Gold of the Lord's Prayer in the Cherokee tongue. Kennedy Griffith then sang "Kashmiri Song" accompanied at the piano by Miss Margaret Darragh. Following this an oration, "A Plea

for Missionaries for the Indians" was presented by Miss Esther Cockrell. "Indian Love Call", from "Rose Marie" was sung by Miss Martha Wilbur accompanied by Prof. Glazer. Prof. Gold then gave a talk in which he described conditions among the Indians, Porto Ricans, Filipinos, and also told of the island of Guam. The meeting closed with the playing of several Indian and Hawaiian airs on the gramofola.

Orvil Hodson, Dick Crowell, Sid Sirothem, Bob Bell, and Prof. Fitzgibbon attended the Phi Delta Theta State Banquet and dance at Indianapolis on March 19.

Melvina Day has been having a real vacation in Carrollton. She arrived just a little late for classes.

DOCTOR YOUNG

As announced to the student body and also in the news columns of this issue of The Triangle, Dr. A. H. Young, professor of chemistry, will retire from active connection with his college class work during the present term.

That was all—just the brief announcement that "Banty" was not to teach this term. Yet is it all? It is for the news columns of The Triangle possibly, merely to chronicle the changing of a few classes, a revision of the schedule, something of that sort.

No, that is not all. Ask the Seniors, who have had a year, or possibly two or three with him, whether his retirement is merely a matter of a revised class schedule. Or for that matter, ask even the Freshmen. Ask the faculty, and more especially Dr. Culbertson, whose professor Dr. Young was years ago, and whose colleague he has been during the decades since. Ask President Millis, whose faithful assistant Dr. Young has been for years.

All of them, from college president to youngest freshman, will say that his retirement is infinitely more than the announcement that "Dr. Young will not meet his classes this term."

The Triangle feels very profoundly the sense of loss to Hanover at the passing from active service of her Grand Old Man. That very same viewpoint, the wise counsel, the sound instructor, and the very whole-some attitude toward life will be missed, and deeply missed by the students, the faculty, and all who have had college relations with him.

Yet is there not possibly a silver lining? It is true that Dr. Young is retiring from active work but he will still be with us as a citizen and friend in the community. His connection with the college as a faculty member alone extends into the past for all but a half century. But it is by no means ended. Though possibly less active, his help and influence will still be for the generous use of the college for the many years we hope are yet allotted him.

So may we not extend to you, Dr. Young, this expression of our appreciation and of our very best wishes for the future

THINK IT OVER!

Procrastination in the preparation of lessons and cutting classes are the two things which perhaps more than anything else destroy a student's classroom standing. They go hand in hand, one causing the other. When a student does not have his lesson prepared, in all probability, he will be tempted to cut the class in order that his unpreparedness may not be disclosed.

Spring and Spring Term are here—Spring with its balmy breezes, bright, warm sunshine, and twittering birds. And springtime at Hanover is a glorious one! However, it will not be conducive to shutting oneself in a study room to make up past lessons in addition to keeping up with present assignments. NOW is the time to catch up, if it need be done. Spring weather will not be an invitation to attend class, especially when the room is hot, the course lacks interest, and the professor, humor. But now is the time to convince yourself that cutting classes is fatal.

There is another thing to be considered. It is a shame that a member of the faculty, paid a salary and prepared to give us something worthwhile, should have to waste valuable time talking to empty chairs when some thirty or forty are enrolled in his class.

It's a mistake to think that you don't miss much by staying away. It's another mistake to think you can cut persistently and not suffer certain consequences. By the proper management now of your time and presence in all classes, one can have the laugh on the fellow who has to burn midnight oil during the early days in June. He also will have benefited in proportion to the time and effort spent in preparation and presence in class.

John Scott fell from a horse last week and received painful injuries about the arm and shoulder.

Helen Willim, of Vanceburg, Ky., is back for Spring term. We are all glad to see Helen back.

PHI DELTA THETA GAINS SHIELD

The Phi Deltas triumphed over the Phi Gams in the final game of the inter-fraternity basketball tourney held during the first week of March in a rough and tumble game by a score of 23-18. Had the Phi Gams won the tournament, they would have gained permanent possession of the shield as they already had two legs on the trophy due to victories in the tourneys of 1924 and 1925, three consecutive victories being required for permanent ownership of the shield.

In the first round games, the Phi Deltas defeated Theta Kappa Nu rather easily 35-9, while the Phi Gams downed Beta Theta Pi 30-11. Spittler played well for the Betas in their game and J. Trapp was the whole show for the Theta Nus.

Then in the final, the Phi Deltas came from behind to wrest the championship from Phi Gamma Delta. The game was very rough, thirty personal fouls being called, twenty-one of which were on the victors. Four men on the winning team were ejected from the game via the personal foul route. The defense of the Phi Deltas was good however, as is attested by the fact that the losers counted only two goals from the field during the entire game. The Phi Gams led at the half 10-9. Whitcomb excelled for the losers while Hodson played a steady game for the winners.

The summary of the final game
Phi Delta Theta, 23 FG F P
Hodson, f 2 4 2
Crane, f 0 3 0
Gregory, c 2 0 4
Furnish, g 1 0 4
Alexander, g 0 0 4
Hetherington, sc 3 1 4
Phi Gamma Delta, 18 FG F P
Whitcomb, f 2 7 1
Mitchell, f 0 2 2
Davis, c 0 4 2
Nighbert, g 0 0 2
Malek, g 0 1 1

Substitutions: Phi Deltas, Cutshaw, Bell, Scott. Phi Gams, Jinks Farrell.

Campus Organizations

DRAMATIC CLUB

The work of the Dramatic Club has for the most part been discontinued until after the presentation of its play, "Nothing But the Truth," which is to be given at an early date. The next meeting of the Club will be the usual business meeting with election of officers.

FELLOWSHIP CLUB

On last Monday night the Fellowship Club held its first meeting of the term. The club met at the "Y" building at four o'clock and from there journeyed to Butler Falls where they enjoyed a delightful picnic supper, after which they held their meeting. Everyone had a fine time and made use of the exceptional spring day.

LITERARY SOCIETY

The Literary Society's first meeting of the term was held on last Tuesday night at seven-thirty in Philal Union Hall. The meeting was informal and was featured with impromptu speech-making. In the near future the debates will be continued that were not concluded last term. Election of officers is planned for the next meeting.

PRESS CLUB

Press Club held its first regular meeting of the Spring Term on last Tuesday evening in the "Y" Hall. The new members of the club and staff took up their new duties, and the club has launched on an extensive program for "a Bigger and Better Triangle."

SENIORS WIN CLASS TROPHY

The Seniors under the captaincy of Charles Beer, varsity center, emerged victors in the second annual inter-class basketball tournament held during the last week of the winter term. The first tournament held last year was won by the present Sophomores with Hernan Furnish acting as captain. The cup which goes to the winner of this title is a gift of the class of '23 to the college.

The tournament this year was staged on three successive days during the course of which each class met each other class once. The Seniors finished the grind with a perfect record of three victories and no defeats and thus won the trophy. The standings of the classes at the end of the tourney were:

	W	L	Pct.
Seniors	3	0	1.000
Sophomores	2	1	.667
Juniors	1	2	.333
Freshmen	0	3	.000

What proved to be the deciding game of the tournament was played on the first day when the Seniors downed the Sophomore 26 to 14 after securing a 15-4 lead at the half. Each team later defeated both the Juniors and Freshmen. The play of the Seniors throughout the tourney was featured by the all-round work of Hough and Beer, while the goal shooting of Gregory kept the Sophomores in the running. Gregory was high point man of the tournament with 31 points annexed by means of fifteen field goals and one free throw.

The results of games played were as follows:

First Day
Seniors, 26; Sophomores, 14
Juniors, 22; Freshmen, 16

Second Day
Sophomores, 31; Freshmen, 20
Seniors, 41; Juniors, 15

Third Day
Sophomores, 26; Juniors, 25
Seniors, 16; Freshmen, 11

The lineup and summary of the Senior Sophomore game follows:

	Seniors, 26	FG	F	P
Hough, t	5	0	0	0
O. Managuth, f	5	2	0	0
Farrell, c	1	0	0	0
Pfaff, g	0	1	2	2
Stevens, g	0	1	0	0

Sophomores, 14	FG	F	P
J. Trapp, f	2	0	0
Gregory, f	3	1	1
Crane, c	0	0	0
Furnish, g	0	0	0
Hetherington, g	0	1	1
Balas, sc	1	0	0
Substitutions: Seniors,	none.		
Sophomores, Campbell,	Hall.		
Mathisen.			

LeRoy Connor has returned to school this term. He was forced to quit during Winter term on account of illness. They will be glad to have LeRoy back at the Phi Gam House.

GRADES SHOW SLIGHT SLUMP

The registrar of the college has prepared a very interesting tabulation of comparative group averages in the grades for the Fall and Winter terms of the present college year. The results of his calculations are as follows:

Organization	Average Winter Term	Average Fall Term
Alpha Delta Pi	1.654	1.630
Sigma Lambda Chi	1.624	1.458
Phi Mu	1.407	1.603
Non Frat. Women	1.314	1.504
Non Frat. Men	1.248	1.285
Phi Gamma Delta	1.219	1.085
Beta Theta Pi	1.151	1.452
Theta Kappa Nu	1.138	0.894
Phi Delta Theta	0.888	0.948
All Fraternities	1.309	1.293
All Non Fraternity	1.285	1.394
All Women	1.421	1.537
All Men	1.182	1.199
All College	1.297	1.369

A summary of grades by letter in the number of term hours of work reported for the last two terms has been made as follows: For Fall Term there were 430 A's, 1,493 B's, 1,780 C's, 684 D's, and 62 F's, making a total of 4,449 hours. For the Winter Term there were only 269 A's, 1,658 B's, 1,852 C's, 643 D's, and 116 F's, making a total of 4,538 hours of credit.

The following people have been listed as deserving special mention for scholarship during the Winter Term:

and social policies that are arousing comment at the present time; and an interpretation of Mexican character and possibilities. He made a strong plea for understanding, sympathy and tolerance in connection with all Mexican affairs. Dr. Devine held the closest attention of his audience, and his lecture was a fitting close to the current lyceum season.

Jay Taff spent vacation visiting his sister in Bedford, Indiana.

In The College World

PAT PAGE TO INDIANA UNIVERSITY

Pat Page, world renowned athletic coach and football mentor who recently resigned his post at Butler, has been selected as football coach to succeed "Navy Bill" Ingram at Indiana University. His appointment met with the unanimous approval of the host of gridiron supporters, of the Hoosier School, and it is predicted that Indiana University will soon head the conference list under the directorship of Page.

BUTLER UNIVERSITY SOON

TO MOVE

Recent reports from Butler University of Indianapolis indicate that the college will move to their new location in Fairview Park in the Fall of 1927. The ground will be broken this Spring for the first of the series of new buildings planned for the site. Butler's recent growth in enrollment, coupled with the present plans for expansion, will make it one of the best schools of higher learning in the state in the near future.

PRINCETON'S NEW CHAPEL

Work has begun on Princeton's new \$175,000 chapel to replace Marquand Chapel, destroyed by fire in 1920. With the exception of King's Chapel, Cambridge, England, it will be the largest college house of worship in the whole world. President Hibben of Princeton has commented upon it as "the University's protest against materialistic philosophy and drift of our age a house of ancient mystery, the holy place of God".

GOEDS MORE AGREEABLE WITH

PROFS THAN MEN

Women as a whole have a better disposition than men, according to Professor T. E. Nicholson, of the psychology department of Indiana University. "The college coed is more agreeable than the man when around professors, because she uses her charm to accomplish a certain end," he said. "A woman dresses to please and tries to the best of her ability to look and act charming."

FRATERNITIES IN GERMANY

Fraternities in Germany are different from those in American colleges, according to a German professor at the University of Oregon. Instead of having "Rough Week", the upper classmen of the different fraternities arrange duels between the different houses. The affair is usually held in a barn outside the city and medical students are always in attendance to

prevent serious injuries. The participants are proud of scratches or minor cuts, but feel that they are cursed if they lose an ear or nose. (We fear we would too).

The fraternity pins, which are elaborate in color and design, resemble watch charms in Germany and are hung from a vest chain. Members of the houses are required by custom to wear their fraternity colors. Instead of Greek letters the Germans use Latin and German names.

HONOR SYSTEM TO BE TESTED

AT OHIO WESLEYAN

Detailed questionnaires will be circulated for two days through every class at Ohio Wesleyan. The purpose of the queries is to investigate accurately the conditions which exist under the Honor System of the school. The survey is being made by the Honor Court Popularization Committee which is working in conjunction with the Dean's office. It is estimated that 500 classes will be examined and 12,000 questionnaires issued.

NEW KIND OF A CLUB

At West Virginia University there is an organization of basketball players known as the Ark Club. Every time one of the members indulges in profanity he must pay a nickel to the club treasury and at the end of the year a banquet will be held which will be financed by the fine money. At the present there is \$26 in the treasury.

"HOBO" COLLEGE

A college unique in the highest sense of the word graduated its first class of 150 men March 21. The college is the "Hobo College". It is located in Chicago. Its president is Ben Reitman and it was established through the beneficence of James Eades Howe, the millionaire hobo.

The courses of the college were a series of lectures, clinics, musicals, and visits to art galleries. Over 20,000 men attended the classes and 150 of these men went to all the classes, thereby receiving diplomas, mere mimeographed sheets proclaiming that the bearer has completed the college course. This attempt to interest the type of men called "hobos" in the better things of life is very commendable. It is unusual indeed that so large a number of men have responded.

John Bill Pfaff, and Ray McCoy spent vacation in Hammond as the guests of Johnny Shanklin. They spent several days in Chicago.

Mac Burkholder and Harold Mathison visited in Jeffersonville last week.

CAMPUS BRIEFS

How's this? Miss Montgomery, in a heated discussion on gold-fish and frogs, makes the startling announcement that "polywogs are the past tense of frogs." We disagree, we think they belong to the future tense!!!

Alas! They are gone. Those two great, representative Hanoverians, that were martyred for a great cause. It has been said that they couldn't make the "grade or grades."

Christmas is just nine months away!!!!

Rho Pi Omega has given way to an older and better qualified organization on this campus, Tappa Keg. At least we didn't hear of them in the interfraternity basketball tournament.

We see Ike Hushaw has gone out for track. He is entered in all the weight events. He says he is going to "weigh" a long time.

One has to be careful these days, if they drive a car. It is so easy to hit an Easter bunny while driving along.

These late registering students are just beginning to realize how dear they are in the heart of their college. And especially how "darn dear" their college is to them when they pay their 'extra fee.'

After seeing his Spanish grade for the term, Bill Sanders kicked himself for not having "dated" the instructor. However Bill, perhaps it was just as well that you didn't.

Marjorie Eberhart pulled a bright one the other day. Renie Portass brought in a jar with a zoology culture. Marjorie asked what it was and Renie answered that it contained a bunch of ameobas and paramcium.

"Oh! I know what they are," says Louisville Lou, "they're little butter-flies...."

There was a big inter-frat scrap the other day when Sooner and this Beta hound mixed. It was hot while it lasted, but Sooner was on his back at the end of the second round and soon took to his heels. As for the winner, he's still up and around.

Now that school is well under way, it's about time some of us were starting to classes.

Someone might ask Jimmy Applewhite, who it is that lives up around North Madison, and what the attraction is. We suggest Kentucky, Jimmy!!!
