Please share your memories of April 3, 1974.

Tell us whatever you'd like at whatever length you'd like. Feel free to share stories of the impact of the tornado weeks and months after the event.

Hanover was the only school to which I had applied, and while I remember April 3rd as a day of heavy rain (outside of Cincinnati), and the devastation in Xenia, I was unaware of the damage to Hanover's campus. It was later that spring when the college sent me a letter telling of the extensive damage to the campus — and stating that ~~all~~ classes would indeed resume in the fall.

Grateful that it all worked out since my years at H.C. were happy ones, full of good memories.
