### GENERAL REMARKS.

The Board of Directors are appointed annually, one half by the Trustees of College, and the other half, by the Synod of Indiana, and such other Synods and Presbyteries as may hereafter adopt the Plan of Union. The Board meet annually, at the close of the term, or oftener, by a special call. The term consists of eight months, commencing with the first Monday in November, and ending the last day in June,—making a vacation of four months. A public examination of all the students is held at the close of every term. Those belonging to the two lower classes are examined on those subjects, which have engaged their attention during the term; the Senior Class, on the entire course.

The course of studies is adapted to the plan of the Seminary, which requires three Professors, each of whom attends to the same class on different days of the week, or at different hours of the same day. It is also adapted to the time of continuance in the Seminary, viz. three years. The students are divided into

three classes, the Junior, Middle, and Senior. One year is spent in the studies of each of these classes.

With the Professor of Biblical Literature the Students attend to the original languages of the Scriptures, Biblical Literature, Archæology, and Hermeneutics. With the Professor of Ecclesiastical History to Sacred Chronology, Biblical and Ecclesiastical History, Church Government, and the Composition and Delivery of Sermons. With the Professor of Theology, to a short course of Mental and Moral Philosophy, Natural and Revealed Religion, Didactic, Polemic, and Pastoral Theology.

During the first year, the Junior Class attends the Professor of Biblical Literature five days in the week; the Professors of Theology and History, each, *one* day in the week. The second year, the Middle Class attends the Professor of Theology *three* days in each week; the Professor of History *two*, and of Biblical Literature *two*. The third year, the Senior Class attends the Professor of History *three* days in each week; the Professor of Theology *two* and of Biblical Literature *one*. Though the Chair of History is still vacant, none of the studies belonging to that department are omitted. They are divided between the other Professors, and pursued in the regular order.

Lectures are delivered more or less frequently, as is deemed expedient; and such books as may be useful, on the different subjects, are recommended. The Students are required to illustrate, prove, and defend all doctrines, and explain, and enforce all duties, by explicit and appropriate passages from the Holy Scriptures. *The Bible is admitted and studied as the supreme authority.* In whatever order the different topics in theology may be considered, the doctrines inculcated, as nearly as can possibly be ascertained, are those of the Holy Scriptures. So far as any other text book than the Bible is used, it is the Confession of Faith. This book is to be adopted with all the solemnity of vows to God, by all who are to be licensed and ordained to the ministry, in the Presbyterian church, and ought to be well understood. It is, therefore, to be analyzed and compared, in all its details, with the Sacred Scriptures.
