**Describe your day on May 15, 2023. Tell us whatever you'd like at whatever length you'd like. We think future students will especially appreciate hearing about concrete details -- What can you see and hear from where you are right now? What did you do for fun today? Who did you spend time with? Did you cook or eat anything special? Did you work or do chores?**

we had our Alpha Delta Pi Founders Day celebrations! I got to paint a tote bag with my best friends and my lil friend group ended the night by playing sand volleyball with some of the Sigma Chi brothers

**We'd also like to hear about what learning looks like for you. When you think of the Hanover classes that have mattered the most to you, what do you see? A specific classroom, lab, or studio? your favorite late-night study location? What about lessons learned at Hanover outside of the classroom -- do you see conversations over meals? locker room celebrations? shared community service? the streets of a foreign city during an off-campus class? If you're no longer on campus, what does learning look like now?**
