Describe your day today -- did you go out? what did you do for fun? did you cook or eat anything special? did you do work or chores? who did you spend time with?

As a retired public school educator I have spent most of the quarantine time here in Indiana staying at home. I do go outside and work in my yard and take a daily walk to a nearby park. Once a week I have gone to the grocery store wearing a mask and doing what shopping I need for the week for my wife and I. I have noticed more people out and about and most are wearing masks. It has been a challenging time for my wife who is a nurse at a nearby hospital. Last weekend I did pay a visit to my daughter and my grandchildren who live in Ft Wayne but did not go out beyond their place.

What do you remember best about being on campus in May of other years?

I have been back a few times for Homecoming but the last time I was on campus during May was for my own graduation.
